

Professor Dr. med. Benedikt SCHOSER, FEAN

Friedrich-Baur-Institute, Department of Neurology,
Ludwig-Maximilians-University Munich

Professor Schoser is a trained neurologist, neurophysiologist, neurointensivist, palliative medicine doctor, and muscle pathologist. He is a professor of Neurology, a senior consultant neurologist, and the co-chair of the Friedrich-Baur-Institute, Department of Neurology, Ludwig-Maximilians-University Munich, Germany. He was an executive section editor of Neuromuscular Disorders and a member of the editorial board of Current Opinions in Neurology and the European Journal of Neurology. He became a fellow of the EAN in 2017 and serves as a board member of the EAN's educational, Rare disease, and scientific Muscle and Neuromuscular panels. Dr. Schoser was co-chair of the Joint Educational Board of the EAN/UEMS and the organizer of the European Neurology board exam. He is a long-term member of the World Muscle Society, having served on the WMS executive board, and has organized the WMS teaching course for the past 10 years. Since 2015, he has been chairing the European Pompe Consortium EPOC. Since 2024, he has been the chair of the scientific advisory board of EuroDyMA. Since 2026, he has been co-chairing the EAN Scientific Muscle and Neuromuscular Panel. He authored more than 410 peer-reviewed publications (>90 in myotonic dystrophies and >90 in glycogen storage diseases) in clinical and translational science. Professor Schoser's special interests are multisystemic neuromuscular disorders, translational research, and therapy.
